New products in 2017: New cascade spout and rain shower by Steinberg

## Products for sensual well-being

The daily cleaning ritual becomes an irresistible pleasure: The cascade spout for bathtub mixers and the new rain shower in the Sensual Rain product line let Steinberg show once more that taking a shower or bath may prove a true wellness experience.

### **Rain shower for a new shower feeling**

A comforting shower is relaxing and, for some precious minutes, tunes out the hectic daily routine. Still more comforting, and a true wellness experience, is taking your shower with the new rain shower (390 1625) from Steinberg, for the relaxing and light massaging effect of soft rain now combines with the daily personal hygiene. A multitude of small jets make the water softly fizz and touch your skin without great pressure. The new rain shower will make for a bathroom eye-catcher too: the wall-mount Relax Rain panel is, with a thickness of just 2 mm, ultra flat and shines in high-grade chrome with Steinberg's signature puristic design. The sophisticated Easy Clean system, channelling the water through single high-grade silicone nozzles, simplifies

cleaning, reduces calcifying and contributes to the rain shower well functioning for a long time. Apart from the new model, Steinberg markets a multitude of rain showers and L-size rain panels.

### **Luxurious water flow into the bathtub**

Splendidly clear, soft and dense water as from a small mountain spring – this is what Steinberg's new cascade spout for bathtub mixers (160 2495) has to offer. The spout's minimalist design produces a 17 cm (6.7") wide, well-formed water flush and is compatible with the 160 2480 bathtub mixer. Or as optional spout for concealed solutions of the 135, 160 and 240 series. The Suggested Retail Price is €580.

### **Steinberg GmbH**

The business develops and manufactures faucets and mixers for bathroom and kitchen, as well as accessories and equipment, and meanwhile markets 17 different product lines. Steinberg faucets unite perfect form and timeless design with functionality, innovation and high-grade materials. This won the Düsseldorf-

based business already a number of design awards. ‚We don’t pursue the latest trends. We produce quality *made in Germany*, and might so come up with the next design classic‘, says founder and CEO Marcus Löhnert. This philosophy has secured Steinberg a safe position in the sanitary trade. Steinberg GmbH has been in operation since 2002, has a staff of currently 57 and achieves an annual sales volume of €20m.
